MR. FRANK HUNNES, B.S., M.A., Aquinas College; University of Michigan.

"To be what we are, and to become what we are capable of becoming, is the only end of life."

Robert Louis Stevenson

Each individual differs in his abilities and his capacity to achieve. To be content to achieve within the limitations of one's ability is necessary for a happy life. To develop our abilities for the benefit of mankind and to enjoy a full and useful life, is a debt we owe for the gift of life.

Frank B Hunnes

Our Principals

"Justice is truth in action"

Disraeli

Justice and truth are essential responsibilities of all of us in our social and academic education. We may find these responsibilities burdensome but always honorable.

Justice, often called mercy or fairness, must be an important part of our daily life. To deal justly and truthfully with all persons whether we agree or disagree gives us added dignity and self-respect. This raises us spiritually and at the same time improves our moral standards.

Bearing these thoughts in mind let us live and believe that right will prevail because justice is truth in action.

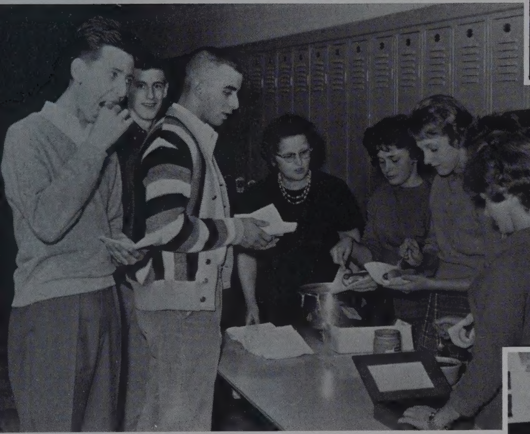
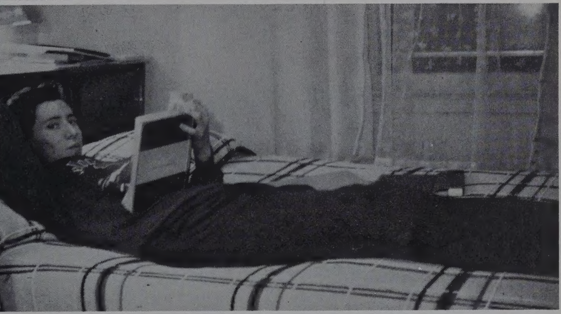
The Council Sponsors the Exchange Student

Stefan Kiellarson, our Swedish exchange student, spent this school year with the Hill family.



Stefan tries an American favorite—the hot dog.

Studying can be relaxing, but . . .



"My feeling is . . .

> that it's a wonderful experience to be a foreign exchange student and have the opportunity of looking into and even adopting the fascinating American way of living;
>
> that the friendly and always helpful people wanted to make me feel welcome and, therefore, I am very grateful;
>
> that there is a vast importance in creating international understanding, which is a big step on the way to world peace."

Stefan Kiellarson

The Student Council meets to discuss student problems.

Mr Hoffman

During the past 3 years I have had a lot of fun and have learned much about debate and a little about the topics.

I can say that all that I have learned about debate I have learned from you. I would like to thank you for your time and extra effort.

The best of luck next year, and Have A Happy Summer.

With all my best wishes

Roy

Dear J.H.,

One of the very few things that I will miss out of highschool is debate + the debate-room. We've had a lot a fun in debate, I think I can talk for all the debaters, but more important then that is the fact that we all become friends. All that the debate team was + what ever we learned we ~~we~~ owe to you. for this I thank you. I just hope I ~~can~~ rise up to the goals you've instilled in me.

Thankyou + the very best to you.

Always,

Dick Slagter

Dearest Coach,

From you I learned many things.

Not only some of the skills of debate and speech, but also I gained a foundation in World History. I have learned much and enjoyed many experiences which I will never forget. You taught me several lessons in human nature also.

You have set a good example in debate logic and tactics for Dick and I to imitate; however, never forget that you while teaching in high school have placed yourself in a type of intellectual contest with us the natural result is that you did and should win. Never let the fairy land world of High school destroy your perspective.

Bill J. Buer

Mr. Hoffman,

Now that I am a great speaker, I suppose you should take part credit. I define great as better than before, better than the average.

Thanks for everything.

Rotsfruck!

Eugene Martin

Mr. Hoffman,

I doubt that very many people will influence my life as much as you have. I think it is only fair to tell you this because I don't want to take all the blame. (I hope that all of my insults haven't bothered you too much.) I shall not soon forget the week I spent at the lake with the baseball team. But the debate team is a thing I will always remenber. I remember so many good times that I could not list them all here. (I still have nightmares about Bill's attempt to jumps that snowbank) We had a certain closeness that I have never experienced in any other team or group. I would like to thank you for all you have done for me. Thank you for being a friend as well as a coach and a teacher. (May you have many more debate championshipss) Bob Cowles
